

Bus stop at RACV Goldfields Resort, Creswick

We would like to advise that our service to Creswick is coming to an end. Our final day of operating from the RACV Goldfields Resort is Wednesday 31st July 2019.

We have operated the service from the Resort for ten years now and would like to sincerely thank the passengers from Creswick that we have transported over the years.

Our ShuttleBus service will continue to operate from our bus stop at the Ballarat Railway Station. We hope that we will be able to continue to transport the residents of Ballarat and the wider western district including Creswick for many years to come.

We now have twenty four services operating daily between Ballarat and Melbourne Airport so we have plenty of options available to get passengers to and from Melbourne Airport.

Passengers wishing to travel to and from Ballarat from RACV Goldfields Resort can catch the PTV Route 30 – Creswick Service to the Ballarat Railway Station and they can very easily transfer to our Airport Shuttlebus service. PTV advises that customers will require a MYKI card to travel on this service. PTV have given this bus stop at the front of the RACV Goldfields Resort the Bus stop name 'Lakeside Drive / Midland Highway.

This service operates on the hour on weekdays with reduced times on weekends and is operated by CDC Ballarat.
